

GREEN SKILLS

One day course for UNISON members looking for ways to make our workplaces greener

Thursday 28 April 9.30 – 4.00
UNISON Regional Centre, Nottingham*

* Please note that the training may move online dependent on Covid restrictions

The training will include talks from Greenpeace, and other organisations, and will:

- introduce participants to the interaction between humans and their environment and their impact upon it
- enable participants to plan a strategy for their branch to engage around environmental issues at a workplace and wider level
