

free online course UNISON East Midlands members

# BUILD AND DESIGN A WEBSITE USING WORDPRESS

**30 & 31 MAR 10AM - 1PM BOTH DAYS**  
**COURSE CODE: 0041**  
**RUN VIA ZOOM**

Would you like to create a website but are not sure where to start? This online, hands-on, introductory course will guide you through the basic steps needed to design, create and maintain your first website using the free, web-based tool 'WordPress.com'.

This course is suitable for those with basic computer skills (e.g. using a keyboard and mouse, copying and pasting, accessing the internet, etc). You will need a computer with keyboard and mouse, plus Internet access.

The course will be led by an experienced IT tutor and will be run online via Zoom. Attendees will receive a certificate of attendance – useful for your personal development file or future CVs.
