

**Free session for UNISON
members of a Lincolnshire
branch**

URBAN REWILDING WALK AND TALK - TUESDAY 4TH APRIL. 5.30-7pm

Urban rewilding projects are tempting nature back into our cities, from creating city butterfly meadows to building unlikely homes for deadly birds of prey.

But we can all do more to encourage wildlife and plants in both corporate and domestic spaces - come along and find out more at University of Lincoln's Brayford campus.

Bring along your family - there will be children's activities and light refreshments .
