DOMESTIC ABUSE AWARENESS

16 November

9.30 - 4.00 via Zoom

The session will increase awareness and understanding of domestic abuse and enable delegates to feel confident talking about DA, understanding risk, and signposting to specialist support.

The training will be interactive and include group discussions, case studies and break-out group activities. It will cover:

- Definitions and terminology around DA and explore the different forms that abuse may take
- Understand the numbers affected and explore the dynamics of DA with a focus on coercion and control
- Impact of DA on survivors
- How to talk to people about DA and the impact of language
- Identify high risk victims and best practice responses

Delivered by SafeLives, a UK-wide charity dedicated to ending domestic abuse
