or
2pm - 4pm

About

Come along and enjoy a warm, welcoming group of fellow members as you learn how to craft a beautiful spring door wreath. Using the same base as a traditional Christmas wreath, we'll build a fresh, seasonal arrangement featuring bulbs, eucalyptus, catkins, and other natural foliage. Ribbon can be added if you wish. If you have any special items at home that you'd like to include, feel free to bring them along. Every wreath will look wonderfully different based on your own style and choices!
