Online Learning courses

UNISON
East Midlands

Our online courses are designed with flexibility in mind, allowing you to learn at your own pace while still working toward a clear goal.

Each course includes a generous 12-16-week completion window, giving you the structure you need without compromising your schedule.

Funding support for eligible online courses

Many of our accredited online courses may be funded through the Adult Skills Fund (ASF), which is overseen by the East Midlands Combined County Authority (EMCCA).

The ASF is designed to help adults gain essential skills that support progression into work, advancement within their career, or readiness for further training. CPD courses are not funded, you will find the full cost of these courses featured where relevant.

It funds legal entitlements from Entry Level up to Level 3, regulated qualifications, and tailored learning programmes, making it highly relevant to many of our formal online study options.

- Learners must be 19+
- Living within Derbyshire and Nottinghamshire

Contact us to discuss funding options available to you

For UNISON members outside of Derbyshire and Nottinghamshire postcodes, there are alternate providers who could deliver these courses.

Due to devolved mayoral authorities Nottingham College only has funding for those with a Nottinghamshire or Derbyshire postcode.

Contact us to discuss funding options available to you.

CPD Courses

While many accredited online qualifications may be eligible for ASF support, CPD (Continuing Professional Development) courses are not covered under the Adult Skills Fund.

If you're interested in our CPD options covered in this guide, you can access more information on the cost and course breakdown on our website:
